Dr. Marios D. Gagos

BOARD CERTIFIED IN CARDIOVASCULAR DISEASES, BOARD CERTIFIED IN NUCLEAR CARDIOLOGY

Announces the opening of an office in Astoria, Queens, for the practice of cardiology:

Dr. Gagos, Board Certified in Cardiovascular Diseases and Nuclear Cardiology, specializes in preventive cardiology as well as treatment of acute conditions such as congestive heart failure and acute coronary syndromes.

Dr. Gagos is a graduate of The State University of New York at Stony Brook, with a degree in pharmacology. He received his medical degree from the New York College of Osteopathic Medicine, and served his residency and cardiology fellowship at Winthrop University Hospital. Dr. Gagos has been involved in medical research since his training as a cardiologist and has received several awards including the Outstanding Achievement in Medical Research Award at Winthrop University Hospital.

Studies in which he has participated have been published in notable journals including the Journal of the American College of Cardiology, and he has presented at the annual scientific meeting of the ACC. Dr. Gagos is a member of the Hellenic Medical Society and has been actively involved promoting optimal cardiovascular health and care for the Greek-American community.

Astoria Medical Plaza 27–47 Crescent Street, Suite 101 Astoria, Queens

The office is equipped with advanced technologies, including echocardiography and stress testing, to support a thorough patient diagnostic and treatment plan. Communication with the referring/primary care physician is essential to the overall patient care treatment plan. The office is conveniently located and is open Monday through Friday, with same day appointments available. Dr. Gagos is fluent in Greek and is available for consultations, referrals, or discussions.
