The 4th Annual Pediatric Emergency Medicine Symposium Thursday, October 14, 2010 7:30AM – 3:00PM

This symposium is designed to provide pediatric emergency medicine physicians, general pediatricians, pediatric sub-specialists, general practitioners, physician assistants, nurse practitioners, registered nurses and EMS personnel with a review of literature that may change practice, as well as update practitioners on the evaluation and treatment of DKA, dermatologic conditions, environmental emergencies, head trauma and respiratory disease in children.

Educational Objectives: At the conclusion of this symposium, the participate will be able to:

- Develop a systematic approach to diagnosing rashes in pediatrics
- Understanding the pathophysiology and treatment principles for Diabetic Ketoacidosis (DKA) in pediatrics
- Recognizing and treating pediatric environmental emergencies
- Understand concepts in ultrasound to diagnose children with respiratory disease
- Understand the current literature on the diagnosis and treatment of pediatric head trauma

Accreditation

New York Hospital Queens is accredited by the Medical Society of the State of New York to sponsor continuing medical education for physicians.

New York Hospital Queens designates this educational activity for a maximum of 6.25 AMA PRA Category 1 Credits ™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
