

Dear Colleagues:

It is with great pleasure that I announce that **The Bone and Joint Hospital of Queens** at New York Hospital Queens has expanded its space. To celebrate the newly relocated Orthopaedics & Rehabilitation Practice, I would like to invite my esteemed colleagues to join me at our:

Ribbon Cutting Ceremony
Wednesday, October 17, 2012
5:30 p.m. - 7 p.m.
163-03 Horace Harding Expressway, 4th Floor
Fresh Meadows, N.Y.

Come tour the new space and talk with our team of specialists including Alex Golant, M.D., Elan Goldwyn, M.D., Jason Hu, M.D., Annibale Pluchinotta, M.D., and Tony Quach, M.D. Meet our new surgeon, Paul Di Cesare, M.D., who was recently appointed director of Total Joint Arthroplasty Services. Join us as we launch a live social media broadcast on bone and joint pain relief.

Shuttle service will be available from the Main Lobby of NYHQ to Fresh Meadows at 5:15 p.m. and 5:30 p.m. Shuttles will leave Fresh Meadows at 6:45 p.m. and 7 p.m. RSVP to 800-282-6684.

New York Hospital Queens has created the “Bone and Joint Hospital of Queens” to address the entire spectrum of orthopaedic needs - both surgical and nonsurgical - for the community. If surgery is needed, we utilize minimally invasive techniques whenever possible.

The program staff includes a growing team of full-time physicians as well as voluntary attending orthopaedic surgeons. The physicians are trained in general orthopaedic surgery, with specialties in sports medicine, arthroscopic surgery, joint replacement, trauma, orthopaedic spine, hand and upper extremity and hip resurfacing. We utilize arthroscopic surgery of the shoulder, knee, hand, and ankle. Among the surgeries we offer are joint resurfacing and minimally invasive hip surgeries.

I would like to emphasize that we want New York Hospital Queens to be the hospital that you turn to for your patients and your practice. I welcome you to celebrate this milestone with us, and always, please remember to contact me anytime to discuss how we can work together to support your practices and make sure that our community makes the best use of our high quality hospital and specialties.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jeffrey E. Rosen".

Jeffrey E. Rosen, M.D.
Chairman, Orthopaedics and Rehabilitation
